AFFILIATIONS

Northwestern Center for Robotics and Biosystems

Northwestern Institute on Complex Systems (NICO)

Northwestern Initiative for Manufacturing Science and Innovation (NIMSI)

POSITIONS

2019-	Director, Center for Robotics and Biosystems
2013-	Chair, Mechanical Engineering Department
2010-2013	Codirector, Northwestern Institute on Complex Systems (NICO)
2009-	Professor
2007-2010	Associate Chair, Mechanical Engineering Department
2003-2009	Associate Professor
1997-2003	Assistant Professor Mechanical Engineering Department, Northwestern University
2012-	Visiting Faculty, Northeastern University, Shenyang, China
2007	Visiting Faculty, Robotics Institute, Carnegie Mellon University
2007	Visiting Faculty, Control and Dynamical Systems, Caltech
1996-1997	NSF/STA Postdoctoral Fellow Mechanical Engineering Laboratory, AIST-MITI, Tsukuba, Japan
1996-1997	Visiting Lecturer Department of Engineering Systems, University of Tsukuba, Tsukuba, Japan

EDUCATION

1989-1996, Carnegie Mellon University

Ph.D. in Robotics, February 1996

Thesis: *Nonprehensile Robotic Manipulation: Controllability and Planning*

Advisor: Prof. Matthew T. Mason

1985-1989, Princeton University

B.S.E. with honors, Electrical Engineering, June 1989

HONORS

- 2017 IROS Harashima Award for Innovative Technologies “for pioneering contributions to robotic manipulation”
- IEEE Fellow, 2010, “for contributions to robotic manipulation, motion planning, and control of mechanical systems”
- DARPA Institute for Defense Analyses Defense Science Study Group, 2008-9
- Charles Deering McCormick Professorship of Teaching Excellence, 2007-10 (one of four awarded annually university-wide)

- Best Technical Paper Award, Int Conf on Climbing and Walking Robots (CLAWAR) 2011
- Best Automation Paper Award, 2007 IEEE Int Conference on Robotics and Automation
- Best Student Paper Award (student Tom Vose), 2008 Robotics: Science and Systems
- 2007 SAE Ralph R. Teetor Educational Award
- 2001 IEEE Early Academic Career Award in Robotics and Automation
“This award is intended to recognize a person in the early stage of his or her career (within seven years of being granted his or her highest academic degree) who has made contributions which have had a major impact on the robotics and/or automation fields.”
- McCormick School of Engineering and Applied Science Teacher of the Year, 1998-1999
- NSF CAREER Award, 1998
- Northwestern University June and Donald Brewer Junior Professorship, 1997-1999
- 1998 NSF New Century Scholars Engineering Education Workshop, Stanford CA
- Best Paper Award finalist, IEEE International Conference on Robotics and Automation, Nagoya, Japan, May 1995
- Anton Philips Best Student Paper Award finalist (three times), IEEE International Conference on Robotics and Automation, 1993, 1995, 1997
- NSF fellow, 1991 Summer Institute in Japan
- Princeton Charles Caldwell Scholarship for Advanced Education (given to Princeton's top four scholar / athletes continuing for advanced degrees), 1989
- Richard King Mellon National Merit Scholarship, 1985-89
- Westinghouse four year scholarship, 1985-89
- Western PA High School Scholar / Athlete of the Year, 1985 (scholarship 1985-89)

CONFERENCE AND WORKSHOP ORGANIZATION

- Program co-chair, 2019 IEEE/RSJ International Conference on Intelligent Robots and Systems, Macau, China
- Program co-chair, 2018 IEEE/RSJ International Conference on Intelligent Robots and Systems, Madrid, Spain
- Session organizer, ASME ME/MET Department Heads Forum, ASME IMECE 2016
- Session organizer, ASME ME/MET Department Heads Forum, ASME IMECE 2015
- General Chair, 2014 IEEE/RSJ International Conference on Intelligent Robots and Systems, Chicago
- Senior Program Committee, 2013 IEEE/RSJ International Conference on Intelligent Robots and Systems, Tokyo, Japan
- Program Committee, ANTS 2012 (International Conference on Swarm Intelligence)
- Awards Co-chair, 2012 IEEE Int Conf Robotics and Automation
- Senior Program Committee, 2011 IEEE/RSJ International Conference on Intelligent Robots and Systems, San Francisco
- Workshop Chair, 2010 Robotics: Science and Systems Conference
- Program Committee, 2010 IEEE Workshops on Advanced Robotics and its Social Implications (ARSO), South Korea
- Program Committee, 2009 IEEE Workshops on Advanced Robotics and its Social Implications (ARSO), Tokyo, Japan

- Program co-chair for the Americas, 2009 IEEE Int Conf Robotics and Automation
- Co-organizer, NSF US-Japan Workshop on Robotics for Safety, Security, and Society, San Francisco, CA, August 2008
- Program Committee, 2008 Workshop on the Algorithmic Foundations of Robotics
- Area Chair, 2008 Robotics: Science and Systems Conference
- Program co-chair, 2006 IEEE International Conference on Robotics and Automation
- Area Chair, 2005 Robotics: Science and Systems Conference
- Advisory Committee, 2005 International Conference on Rehabilitation Robotics (ICORR)
- Program committee, 2005 IEEE International Conference on Robotics and Automation, Barcelona, Spain
- Program committee, 2005 International Symposium on Assembly and Task Planning, Montreal, Canada
- Program committee, 2004 IEEE/RSJ International Conference on Intelligent Robots and Systems, Sendai, Japan
- Program committee, 2004 IEEE International Conference on Robotics and Automation, New Orleans, LA
- Program committee, 2002 IEEE International Conference on Robotics and Automation, Washington D.C.
- Program committee, 2001 IEEE/RSJ International Conference on Intelligent Robots and Systems, Hawaii
- Invited session organizer, 2001 Conference on Control Applications, Mexico City, Mexico
- Program co-chair, 2000 Workshop on the Algorithmic Foundations of Robotics
- Program committee, 2000 World Automation Conference, Maui, Hawaii
- Program committee, IEEE International Conference on Robotics and Automation 2000, San Francisco, CA
- Workshop and Tutorials Review Committee, 2000 IEEE International Conference on Robotics and Automation
- Founder, Midwest Mechanical Motion Meeting
- Program committee, 1999 International Conference on Advanced Robotics, Tokyo, Japan
- Program committee, 1999 International Joint Conference on Artificial Intelligence
- Program committee, 1997 International Joint Conference on Artificial Intelligence

JOURNAL AND CONFERENCE EDITING

- Editor-in-Chief, *IEEE Transactions on Robotics*, 2018-
- Editor-in-Chief, IEEE International Conference on Robotics and Automation Conference Editorial Board, 2018
- Senior Editor, *IEEE Robotics and Automation Letters*, 2015-17
- Editorial Board, *Annual Reviews in Control*, 2014-
- Senior Editor, *IEEE Transactions on Automation Science and Engineering*, 2011-2015
- Senior Editor, 2009 Special Issue on Rehabilitation Robotics, *IEEE Transactions on Robotics*
- Senior Editor, *IEEE Transactions on Robotics*, 2005-11
- Associate Editor, *IEEE Transactions on Robotics*, 2004-5
- Associate Editor, *IEEE Transactions on Robotics and Automation*, 2002-2004
- Guest editor, *International Journal of Robotics Research* special issue, 2002

OTHER PROFESSIONAL ACTIVITIES

- Elected Chair of ASME ME Department Head Executive Committee (MEDHEC), 2018-19 (Secretary 2016-17, Vice Chair 2017-18)
- Elected member of ASME Department Head Executive Committee (MEDHEC), 2014-2016
- Academic Leadership Program, Big Ten Academic Alliance (formerly CIC), 2013-14
- External advisor, Project 111, Northeastern University, Shenyang, China, 2012-
- Advisor, Chicago Museum of Science and Industry "Robot Revolution" exhibit, 2012-2015
- Parliamentarian (Executive Committee), IEEE Robotics and Automation Society, 2013-2017
- Chair, IEEE Robotics and Automation Society Steering Committee for Technical Programs,

2012-13

- Chair, IEEE Robotics and Automation Society Early Career Award Evaluation Panel, 2012-13
- Secretary (Executive Committee and Administrative Committee), IEEE Robotics and Automation Society, 2010-11
- Member of the DARPA Institute for Defense Analyses Defense Science Study Group, 2008-9
- Kellogg Business and Leadership for Scientists and Engineers Executive Course, 2007-8
- Elected member of IEEE Robotics and Automation Society Administrative Committee, 2006-8
- Secretary, IEEE Robotics and Automation Society, 2004-2005
- Secretary, IEEE Robotics and Automation Long Range Planning Committee, 2002-2003
- 2004 IEEE Robotics and Automation Society Early Career Award Committee
- Various technical and legal consulting
- Reviewer for several funding agencies: NSF, NASA, US Department of State Russian Nonproliferation Office, Research Grants Council of Hong Kong, Netherlands Organization for Scientific Research, State of Indiana 21st Century Fund, Austrian Competence Centre Programme, European Commission
- Reviewer for many journals (IEEE Transactions on Robotics and Automation; IEEE Transactions on Automatic Control; IEEE Transactions on Systems, Man, and Cybernetics; International Journal of Robotics Research; Journal of Robotic Systems; International Journal of Robotics and Automation; Journal of the Franklin Institute; International Journal of Control; SIAM Journal on Control and Optimization; Systems and Control Letters; ASME Journal of Engineering Materials and Technology; ASME Journal of Dynamic Systems, Measurement, and Control; ASME Journal of Mechanical Design; IEEE Transactions on Control Systems Technology; Automatica; Robotica; Journal of Nonlinear Science; others), MIT Press, Wiley and Sons, McGraw-Hill, Oxford Press, and conferences (IEEE ICRA, IROS, IJCAI, CDC, IMECE, ACC, ICORR, others)
- Carnegie Mellon Japanese Science, Technology, and Manufacturing Program
- Participant, 1992 University of Pittsburgh Workshop on US Human Resource Needs in Japanese Science, Technology, and Manufacturing
- Co-winner, 1994 Carnegie Mellon School of Computer Science programming contest

EDUCATIONAL INITIATIVES

- Initiated two-quarter design sequence ME/EECS 495 Robot Design Studio in 2018
- Created the YouTube site <https://www.youtube.com/NorthwesternRobotics> for educational and research robotics videos
- Developed six online courses for the Coursera MOOC specialization “Modern Robotics,” at <https://www.coursera.org/specializations/modernrobotics>. The courses are being taken by thousands of learners around the world.
- Developed approximately 100 short videos and led the development of a freely-distributed software library to accompany the textbook *Modern Robotics: Mechanics, Planning, and Control*, Cambridge University Press, 2017. Information at <http://modernrobotics.org>.
- Developed approximately 80 short videos on microcontrollers and mechatronics to support ME 333 Introduction to Mechatronics and our book *Embedded Computing and Mechatronics with the PIC32 Microcontroller*. Information at <http://nu32.org>.
- Developed new course, ME 333 Introduction to Mechatronics (first taught Winter 2000)
Course description: Introduction to microprocessor-controlled electromechanical systems. Interfacing sensors and actuators to computers, electrical and mechanical prototyping, dissection of a commercial product. Final team project.
- Developed new course, ME 449 Robotic Manipulation (first taught as ME D95, Fall 1998)
Course description: Mechanics of robotic manipulation, computer representations and

algorithms for manipulation planning, applications to industrial automation, parts feeding, grasping, fixturing, and assembly.

- Developed new course, ME 450 Geometry in Robotics (first taught as ME 495, Spring 2001)
Course description: Application of tools from differential geometry and Lie groups to problems in dynamics, controllability, and motion planning for mechanical systems, particularly with non-Euclidean configuration spaces.
- Developed new course, ME 495 Motion Planning and Control Under Uncertainty, Spring 2006
Course description: Classical techniques from stochastic optimal control theory including Kalman filtering and linear quadratic Gaussian problems; recent computational techniques in Bayesian inference and Markov decision processes; applications to control of robot systems under sensor and actuator uncertainty.
- Developed new course, ME 495 Nonlinear Control, Fall 2010
- Developed the Mechatronics Design Laboratory, open 24/7 for classes and student design projects, part of Northwestern's Ford Motor Company Engineering Design Center. Also led the development of the supporting mechatronics design wiki page, http://hades.mech.northwestern.edu/index.php/Main_Page (or google “mechatronics wiki”).

SELECTED INVITED TALKS

- University of Notre Dame, April 2019
- Massachusetts Institute of Technology, December 2018
- University of Texas Dallas, October 2018
- Illinois Institute of Technology, March 2018
- University of Utah, ME Distinguished Lecture, December 2017
- Case Western Reserve University, April 2017
- University of Pittsburgh, March 2017
- Plenary, IEEE International Conference on Mechatronics and Automation, Harbin, China, August 2016
- Colorado State University, April 2016
- University of California Irvine, March 2016
- Purdue University, February 2016
- Northwestern University Physics Colloquium, January 2016
- World Robot Conference keynote, Beijing, China, November 2015
- Foundations of Intelligent Sensing, Action and Learning (FISAL), Philadelphia, PA, Oct 2015
- Boston Dynamics (Google), June 2015
- University of California, San Diego, June 2015
- University of Michigan, March 2015
- University of Michigan, December 2014
- NSF Workshop on Motion Planning, October 2013
- Osaka University, June 2013
- Chicago Museum of Science and Industry, April 2013
- University of Illinois Urbana Champaign, February 2013
- University of Delaware, September 2012
- Plenary, IEEE International Conference on Automation Science and Engineering, Seoul, Korea, August 2012
- Plenary, IEEE International Conference on Information and Automation, Shenyang, China, June 2012
- Georgia Institute of Technology, April 2012
- Chicago Museum of Science and Industry, Education Staff, March 2012
- Workshop on Contact Modeling and Simulation, RSS 2011, June 2011
- Institute of Automation, Chinese Academy of Sciences, Beijing, May 2011
- Beijing Institute of Technology, May 2011

- Tianjin University, May 2011
- Hebei University of Technology, May 2011
- Georgia Institute of Technology, May 2011
- Northwestern Institute on Complex Systems, October 2010
- JAIST LRC Summer School on Robotics, Kanazawa, Japan, August 2010
- University of Illinois Urbana-Champaign, February 2010
- Nagoya University, Nagoya, Japan, May 2009
- Ritsumeikan University, Kyoto, Japan, May 2009
- Minta Martin Distinguished Lecturer, Aerospace Engineering, University of Maryland, April 2009
- Cornell University, April 2009
- University of Siena, Siena, Italy, March 2009
- University of Pisa, Pisa, Italy, March 2009
- University of Rome “La Sapienza,” Rome, Italy, March 2009
- Distinguished Lecturer, University of California San Diego, Winter School of the Institute of Nonlinear Science, San Diego, CA, January 2009
- Carnegie Mellon University Center for Foundations of Robotics, November 2008
- ICRA 2008 Workshop on Contact Models for Manipulation and Locomotion, Pasadena, CA, May 2008
- Mathematical Biosciences Institute, Ohio State University, January 2008
- California Institute of Technology, June 2007
- University of California, Berkeley, May 2007
- University of California, Los Angeles, May 2007
- University of California, Santa Barbara, May 2007
- University of Southern California, April 2007
- Jet Propulsion Lab, April 2007
- University of Maryland, September 2006
- Carnegie Mellon University, March 2006
- AMS Workshop on Mathematical Problems in Robotics, Northwestern U., October 2004
- University of Pennsylvania, December 2003
- Stanford University, November 2003
- Japan Advanced Institute of Science and Technology, September 2003
- Intelligent Systems Institute, AIST, Tsukuba, Japan, September 2003
- University of Iowa, April 2003
- University of Michigan Control Seminar, April 2003
- Johns Hopkins University, March 2003
- Conference on Decision and Control Workshop on Control Problems in Robotics and Automation, Las Vegas, NV, December 2002
- Future Directions in Nonlinear Control of Mechanical Systems, NSF-ONR Workshop at UIUC, October 2002
- Mathematical Theory of Networks and Systems Special Session on Dynamics and Control of Mechanical Systems, August 2002 (presented by Andrew Lewis)
- Belgian Royal Academy of Sciences, Brussels, Belgium, July 2002
- University of Liege, Liege, Belgium, July 2002
- National Institute of Advanced Industrial Science and Technology, Tsukuba, Japan, July 2001
- Advanced Science Institute, New Frontiers in Intelligent Robotics, Tokyo, Japan, July 2001
- Carnegie Mellon University, Pittsburgh, PA, December 2000
- Allerton Conference on Communication, Control, and Computing, Special Session on Motion Planning, Monticello, IL, October 2000
- Special Session on Nonholonomy on Purpose, International Conference on Intelligent Robot Systems, Takamatsu, Japan, October 2000
- Tutorial on Sensing and Actuation Toward the 21st Century, International Conference on Intelligent Robot Systems, Takamatsu, Japan, October 2000
- US-EU Workshop on Key Research Issues and Opportunities in Motion Planning, Toulouse, France, June 2000
- University of Michigan Dept. of Electrical Engineering and Computer Science, Ann Arbor, MI,

May 2000

- IEEE International Conference on Robotics and Automation, Special Session on Grasping and Contact, San Francisco, CA, May 2000
- Ninth International Symposium on Robotics Research, Snowbird, UT, October 1999
- Stanford Workshop on Motion Support for Virtual Prototyping, Stanford, CA, May 1999
- Allerton Conference on Communication, Control, and Computing, Special Session on Control Issues in Locomotion, Monticello, IL, September 1998
- University of Illinois at Urbana-Champaign, Beckman Institute, Artificial Intelligence Seminar, Urbana-Champaign, IL, September 1998
- University of Tokyo Department of Mechano-informatics, Tokyo, Japan, August 1997
- University of Minnesota Computer Science Department, Minneapolis, MN, May 1997
- University of California Irvine Mechanical Engineering Department, Irvine, CA, May 1997
- Stanford University Computer Science Department, Stanford, CA, April 1997
- Vanderbilt University Computer Science Department, Nashville, TN, April 1997
- Westinghouse Science and Technology Center, Pittsburgh, PA, January 1997

- SONY Production Systems Design Department, Tokyo, Japan, September 1996
- Workshop on the Algorithmic Foundations of Robotics (WAFR), San Francisco, CA, February 1994
- University of Tokyo Department of Mathematical Engineering and Information Physics, Tokyo, Japan, January 1994
- Kawasaki Heavy Industries, Japan, January 1994
- International Conference on Advanced Mechatronics, Tokyo, Japan, August 1993

SERVICE TO NORTHWESTERN

- Provost's Advisory Council on Women Faculty, 2016-
- Faculty Senate, 2010-13
- Technological Institute Engineering Life Science building committee, 2008-
- ME ABET reaccreditation coordinator, 2003-6
- ME undergraduate NCA accreditation coordinator, 2003-4
- Updated ME grad school catalog, 1998; undergrad catalog, 2000
- Faculty advisor, Pi Tau Sigma, 1998-2007
- Faculty advisor, Theta Tau, 2001-2
- Undergraduate curriculum committee, 1998-
- Mechanical Engineering information session for freshmen, Spring (annually)
- Departmental representative, New Student Week information panel, 1999
- Chairman of the undergraduate curriculum committee, 1999-2000
- MC for "Evening with McCormick," New Student Week, periodically 1999-
- Dean's Scholar Advisor, 2000, 2004
- McCormick Teacher of the Year committee, 1999- 2002
- ME space committee, 2000
- Ford Engineering Design Studio planning subcommittee, 2001
- Day at Northwestern/Preview NU (prospectives) design contest, periodically 1999-
- McCormick Identity (image) Committee, 2002-3
